

[Waste Management](#) is a giant in the industry and they understand our vision. We are proud to have this juggernaut on our team! They have pledged to help us grow our organization for the long-term.

We are fortunate to have [Green City Force](#) (GCF), they have been partners since the start of the pilot. GCF's dedication to the project has been indispensable. Our success was a direct result of their generosity and belief in our mission.

They took us through the paces, but we were triumphant and were rewarded in our quest to become the newest family members in the [Echoing Green](#) Fellowship. As new 2020 Fellows we are committed to carry the torch and change the world through our social impact work.

[East Side House Settlement](#) has served the neighborhood of the South Bronx for many decades and we are excited to partner with them in our COVID Food Distribution Relief project and other future projects.

PLEASE JOIN US...TOGETHER WE CAN STRIKE A MIGHTY BLOW!
